Learning Reps programme in the manufacturing sector
Learning Reps are members of the workforce who are trained by the Council of Trade Unions to promote and support industry training in their workplaces. This video shows the work of Learning Reps in a specialist manufacturing company in Christchurch. The reps identify learning needs including literacy and numeracy, help co-workers overcome barriers to learning and development, and support the learning process to ensure successful outcomes from industry training at work. For more information on the Learning Reps
Literacy and numeracy in the workforce: Nicky Murray
